### Last Rites Held For V. P. Hanley

Requiem Mass for Vincent D. Hanley, 65, of Marine's Trailer Park Stuart who died at a hospital there early Monday a. m. after a long illness, was conducted at St. Philip's Catholic Church Wednesday at 11 a. m. with the Rev. Father Francis X. Fenech officiating. Burial was in Port Mayaca Cemetery.

The deceased was a retired railroad employee and was a native of Iowa. He was a veteran of WWI and a member of the American Legion, and St. Philip's Catholic Church. He had lived in the vicinity of Belle Glade for about 11 years and was a brother-in-law of E. C. Johnson.

Survivors include his widow, Mary Helen Hanley, Stuart; his mother, Mrs. Helen Hanley, Joliet, Ill.; four brothers, Marjatta, Ill., Ambrose and Thomas, Daytona Beach, Mich., Melbourne and a sister, Mrs. Katherine McDonald, Joliet, Ill. Williams-Weatherington Funeral Home was in charge of arrangements.

### Working To Win The Migrants

It is estimated that there are more than two million migrant workers moving continually across the United States, going from crop to crop, from job to job. Many of these are contract laborers from Mexico and Japan. They are here for limited periods of time. Many natives of the United States also follow this type of work.

These folk establish few loyalties. The children are often neglected, having little or no opportunity to go to school or to benefit from medical care. But their greatest need is to come to know the Lord in the fullness of his salvation.

Many times migrant workers are neglected by the local churches. A wonderful opportunity is offered for reaching them for Christ though they may be in the community only a short time.

Definite efforts should be made to show them that Southern Baptists do care about them and want to see them saved.

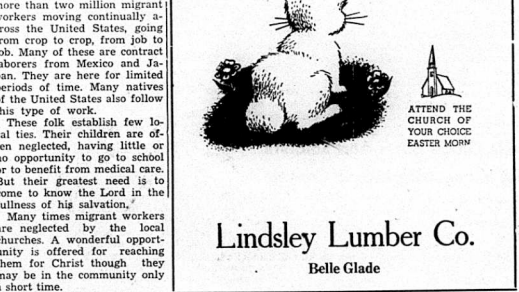

The Baptist Home Mission Board is working at this task. Several couples are serving under appointment of the Home Mission Board. They work both at trying to win them themselves and creating interest on the part of the churches near where these migrants are working. Some Spanish pastors aid from time to time in holding special services. Rev. and Mrs. Bertis Fair are working with the migrants in this area.

## The Meaning Of The Resurrection

I am the resurrection, and the life; he that believeth in me, though he were dead, yet shall he live; and whosoever liveth and believeth in me shall never die. (John 11: 25, 26)

The first Easter Day seemed to dawn like other days. People began going about their affairs as usual. The women brought spices to anoint the body of Jesus. The disciples mourned the death of their Lord. And the guard kept watch at the tomb. But that Easter Day turned out unlike any other day. It was a new day for the world, though only a few saw everything in a new light. The guard had watched in vain. The disciples had mourned needlessly. The women did not find the body of Jesus in the tomb. Mary Magdalene saw Jesus alive in the garden. Later, the women saw Him alive as they hurried to Jerusalem. Two disciples saw Him alive at Emmaus, and others saw Him in the upper room.

Ever since then Easter Day dawns to proclaim that Jesus is risen from the dead. He is alive! Sin could not defeat Him. Death could not conquer Him. And He says to us, "Whosoever liveth and believeth in me shall never die."

**PRAYER:** Living Saviour, I humbly pray Thee for grace to believe that Thou art the resurrection and the life. Grant me so to walk in newness of life that when I die I shall walk with Thee in the presence of the Father. In Thy name I pray. Amen.

**THOUGHT FOR THE DAY**  
Here speaks the Master of life and death: "Because I live, ye shall live also." Frederick F. Hayworth, St. (Pennsylvania)

## Easter Cantata At Baptist Church

An Easter Cantata entitled "Love to salvation was opened. He who laid down His life took it up again, bringing light and life to all who acknowledge their need to come to Him in Simple faith."

The public is cordially invited to attend.

Chosen Baptist Church, "Is He Not Risen?" will be the morning sermon topic of Elder E. L. Huns at 11 o'clock and at the 7:30 p. m. service he will speak on "The Bride Has Made Herself Ready."

Everglades Presbyterian Church, The Rev. W. W. Preston will speak on the sermon topic "Today or Tomorrow?" live at the Easter morning service. A film will be shown at the evening service on "The Power of the Resurrection," at 7:30.

First Baptist Church, "Christ Is Risen" will be the Easter Sermon of Dr. Dewey Roach, interim pastor at the morning service. At the evening service he will speak on "Upon Introducing Jesus."

## Easter Message

By Dr. Dewey Roach  
First Baptist Church  
Life is swelling in the bud. The seed is stirring in the clod. The robin has returned. It is spring — Easter!

Mother Nature has informed her children — both Flora and Fauna. "It is no secret — what God can do."

Out of this setting and from this cradle so beautifully embellished is born the miracle of spring. But behind this miracle and beyond it there is another — the miracle of the resurrection of the Lord of life.

Christ was born across the sea. With a glory in His boom That transfigures you and me. Nature knows it is spring. Examine the clod. Every human heart that has responded to the miracle of spring and of Easter knows of the resurrection of a new kind of life from within — because it has experienced the resurrection of Jesus.

An old fisherman was asked if he believed in the resurrection and how he knew that there had been one. With a leathery face and grayish eyes, he looked away to the cliffs along the sea shore. Then he slowly answered: "After a long hard night of fishing in rough seas I sometimes feel for the morning. It is then that I look toward the cliffs and the mansion with large windows. When I see the first faint reflection of light in those windows I know the sun will soon be rising. Sometimes I catch a glimpse of light in the face of a fellow fisherman and I know there is a resurrection." "Yes," said he, "I believe in the resurrection."

In the words of a song of faith:  
You ask me how I know he lives:  
He lives within my heart,  
—and this is more than the miracle of spring; it is the miracle of faith.

## Easter Service Lutheran Church

"Risen With Christ," will be the subject of the sermon to be delivered at St. Peter's Lutheran Church Easter Sunday, April 2. The service of divine worship begins at 10:30 a. m. ## The Meaning Of Easter

The victory of life over death is the meaning of Easter, the most important and the most joyous holiday celebrated by Christians.

For Easter commemorates the resurrection of Jesus Christ, who redeemed mankind through His death and then rose from the tomb on the third day. In His own victory over death is the promise of life everlasting for all men.

The Easter season also carries overtones of ancient spring festivals, celebrating the awakening of the earth after the dead of winter. Mrs. Francine Klapp, religion editor of World Book Encyclopedia, tells us that the name may have come from Eostre, a Teutonic goddess of spring.

In many languages the name of the holiday is derived from the Jewish Passover, or Pasover, the festival that celebrates the exodus of the Jews from Egypt. The crucifixion and the resurrection occurred during the Passover Week and three of the Gospels say that the Last Supper was a Passover meal. Thus

the Italians call the Christian holiday Pasqua; the Spaniards, Pascua; and the French, Paques. In the first two centuries after the crucifixion, a controversy arose over when the festival was to be celebrated. The custom in Asia Minor was to observe Easter with the Lord's Supper on the evening of the 14th of the Jewish month of Nisan, which was Passover, regardless of the day of the week. The Romans, however, preferred to hold the Easter feast always on Sunday.

The Nicene Council of 325 resolved the dispute. It set the date for Easter as the first Sunday after the first full moon after March 21, which is about the time of the vernal equinox. It cannot come before March 23 or after April 25.

Members of Eastern Orthodox churches sometimes celebrate the holiday later than the other churches. But no matter what the date, "the festival of festivals" and "the most royal day" is marked by great rejoicing.

## Chancel Choir To Present Cantata At Methodist Church

The thirty-voice Chancel Choir will present a Cantata entitled, "The Seven Last Words of Christ" by Theodore Dubois on Good Friday evening, March 30, at 8 p. m. in the Community Methodist Church Sanctuary. Featured as guest soloist will be Brown Settelind, tenor of the First Baptist Church. Other soloists from within the choir are Jean Roemer, soprano; Gladys Smith, soprano; and Milton Carpenter, baritone.

This stirring and beautiful cantata depicts in vivid fashion the crucifixion of Christ and His seven last statements from the cross.

The choir is directed by Frederick Stevens and organist is Mrs. James E. Williams.

## First Course Of WMS Manual Held By WMU

Mrs. Richard Hillis, president of the Palm Lake W. M. U., of Riviera Beach taught the first course of the Women's Missionary Society Manual at the regular meeting of the Women's Missionary Union at the First Baptist Church.

Thirty attended the class and a short written test was taken afterwards. It was announced that the second session for the study would be announced later. The study is in three sessions. The speaker was accompanied by Mrs. Donald Van Buren.

A short business meeting was conducted with Mrs. Walter Schlechter presiding.

## Lenten Prayer Group Meets With Dulany

Mr. and Mrs. John A. Dulany were hosts the past two Thursday mornings at their home 225 N. W. Ave. E. at a Lenten Prayer group and coffee from 6 to 7 o'clock.

Participating were a number of members of the mid-week prayer services of the Community Methodist Church and the Pastor Rev. Lee D. Rustin and Mrs. Rustin.

### Eight District 5 Bands Qualify For State Festival

Eight of the twelve bands in attendance at the District Five Festival which was held at Lake Shore High School March 25, qualified to attend the State Band Festival in April.

In order to qualify for attendance at the State Festival, a band must receive an overall rating of Superior in Concert competition, or less than Excellent in Sight-Reading competition, and not less than Excellent in Inspection and Marching competition.

The Lake Shore High School Band, which hosted this year's festival received Superior ratings in all events entered. Other bands which received straight superior ratings were: Attucks High School, Dania; Carver High School, Delray Beach; Gifford High School, Gifford; Roosevelt High School, West Palm Beach; Blanche Ely High, Pompano Beach; Lincoln High, Riviera Beach and Lincoln Park Academy, Ft. Pierce also qualified for State Festival competition.

Wylene Green, Willie Louise Smith, Moxel Simeton, and Betty Hadden, of Lake Shore, received Superior ratings in twirling competition which was judged by "Pat" Anderson who substituted for Miss Donna Kozla of Ft. Lauderdale.

The Lake Shore family wishes to express its appreciation to each and every member of the community for the cooperation given which resulted in a successful festival.

### Pupils Present Playlet At PTA

A playlet, "My Dear Mrs. Smith," was very enthusiastically presented by the pupils of Okeechobee Elementary School, at this week's PTA meeting, and left everyone with the thought in all of getting one should understand before casting judgment and making conclusions.

In the playlet, Mrs. Smith realized the children, whom she had rebuked and called bad for tramping on her flowers, had done it unconsciously. When she visited their homes, displaying an antagonistic spirit, the children treated her with respect and apologized for what they had done. Afterwards Mrs. Smith was sorry because of the unfavorable attitude she had toward the children before visiting their home to get understanding.

The Sixth grade classes were in charge of devotional exercises. Linda Joyce Williams, who was accompanied by Mrs. Elizabeth Powell, sang "Spring is Coming."

Mrs. Myrtle Walker, P. T. A. president, expressed congratulations to Mrs. Ruby Greaux and Mrs. Elizabeth Powell, the sponsors for an inspirational program.

The P. T. A. will sponsor the Easter Egg Hunt for the children this year. The pupils always look forward to this activity because of the fun they get out of it.

At the meeting, the "hot seat" was occupied by Mrs. Williams who received the PTA prize.

Don't forget the Singing Festival which the PTA is sponsoring on the 4th Sunday night in April 8 p. m. at Lake Shore Elementary School, Belle Glade.

### Okeechobee Elementary School News

**Teacher of the Month**  
Mrs. Elizabeth Powell received more votes than any other teacher in grade 5A which won for her the title "Teacher of the Month" at the Okeechobee Elementary School, Belle Glade.

Mrs. Powell, the mother of one daughter, Deborah Lynn, a pupil at Lake Shore Elementary, was born in Quincy, Florida. She is the daughter of Mrs. Marinha White and the late Rev. G. J. White.

After graduating from Carver High School, Miami, she entered Morris Brown College, Atlanta, Georgia, where she received the Bachelor of Science degree with a major and minor in elementary education and social studies, respectively.

However, her greatest ambition was to become a psychology instructor, but since the greatest need in her community at that time was for elementary teachers, her guidance instructor advised her to take elementary education where she could be of service to humanity. She doesn't regret that she made such a decision because she finds joy and contentment in her chosen work.

Besides having a favorite subject which is literature, she has two hobbies, reading and debating.

She is a member of Mt. Zion A. M. E. Church of which Rev. M. Fayson is the pastor. She is pianist for their number two of her church.

### Student of the Month

Linda Dianne Bailey, an honor student of the fifth grade, has been chosen as the First Student of the month.

She is the tenth child of Mr. and Mrs. James Bailey, 15 Washington Street, Belle Glade.

A native Floridian, she was born November 17, 1950, Belle Glade.

Linda is a very conscientious student and puts forth sustained effort to accomplish one of her objectives . . . to be an excellent student in scholarship as well as in citizenship.

Besides having a beautiful singing voice, she acts as a student.

dent leader in aiding pupils to understand their work better.

According to her sponsor, Mrs. L. Rockmore, Linda excels in social studies and science, however, she says arithmetic is her favorite subject.

Her honors have been average. Last year she was winner of the first prize in the Glades Elimination Spelling Bee contest. Next month she will be contestant in the Glades Spelling Bee which will be held April 6th.

She was 2nd prize winner in the Declaration Contest sponsored by the Speech Arts Club of Okeechobee Elementary.

Having as her ambition to be an elementary school teacher, Linda said, she is studying hard so that she will be a good teacher when she finishes college.

**NEURO BIRTHS**  
Louis and Verdel McKenzia, daughter, Debra Denise, 3-14-51, Clewiston, Florida. George and Sarah Houston, daughter, Annie Bull 3-15-51, Belle Glade, Florida.

Each student has joined each class willingly and works unerringly with the reading lesson one hour per day.

The curriculum adjustment classes and their teacher, Miss Pauline Robinson, wish to express their regret of the illness of the former teacher, Mrs. Theola Reddick, and hope she will have a speedy recovery.

## EASTER GREETINGS

Truly the beautiful whiteness and fragrance of the Easter lily are symbolic. It reminds us of the prayer of thanksgiving that should be in our hearts for the life and sacrifice of Him, the purest of all. So, on this Easter observance, we take this means of expressing our gratitude, not only for the manifold blessings of life, but for the friendships and loyalty of those we serve. May this be a glorious Easter for you and yours.

The Amaryllis now in full bloom around your Chamber of Commerce Building were never more beautiful. Visitors to our city stop by daily to make colored photos of this glorious array.

no interstate standard with regard to safety." I showed that since 1956 a Federal statute has authorized the ICC to regulate interstate transportation of workers by motor vehicle. Other inferences in the film whose falsity was easily demonstrated was that the rent generally paid by migrants in certain areas is \$15.00 per room per week and that migrants have little hope of owning their own homes.

Since my remarks before this forum on February 6 there has been no contradiction on the Senate Floor of any of my allegations of misrepresentation. Further, since then there has been no contradiction from CBS or from any other source.

There are a number of reasons why the sale of this film

to the British Broadcasting Corporation and its presentation throughout Great Britain was highly detrimental to the best interests of our Nation. First, it presents a very bad picture of our country at a time when the new Administration and our people generally are making a strenuous effort to improve our Nation's image abroad. If the picture presented were an accurate one, this might not be so objectionable. However, the national image presented is not only an unfavorable one; it is also a very unfair and untrue image. Many of the migrants in the picture are Negroes. In close juxtaposition with pictures of Negro migrant workers, such as "slaves" and "sweatshops of the soil" are used. This fits easily into the false picture

of the position of Negroes in American society which our Nation's enemies are bending every effort to create throughout the world. By the use of such invidious terms, the impression is created that labor in the United States, particularly agricultural labor, is exploited.

Coming as it did on the very day that Mr. Murrow was sworn into his new responsibility of such grave importance to our country, the BBC broadcast could have no other effect than one highly embarrassing to our country and to Mr. Murrow. Despite the amount of time at the beginning and the end of the film to the effect that Mr. Murrow was in no way connected with the U. S. Government at the time when he participated in its production (which, was made because of my intervention in the matter), there were undoubtedly many viewers who turned in at times when this announcement was made or such times. The impression that the film was a U. S. Government documentary was further fostered by the appearance of Secretary of Labor Mitchell. Mr. Murrow was justified in his display over the film's foreign presentation, since he must now, in his new official capacity, bend every effort to correct its misrepresentations and to erase its false picture of America.

It is impossible to justify the actions of the Columbia Broadcasting System in putting its own monetary gain ahead of the best interests of the Nation which all those connected with this great network must love as do other Americans. That the CBS officials responsible could, for a few "pieces of silver" permit this malicious and false slander against our Nation to be presented abroad is incomprehensible. By this negligence, irresponsible action, CBS has damaged the Nation whose government has granted the franchise by which it operates as a great medium of public information. It is my fervent hope that CBS officials and all others who are tempted to export such harmful and false film presentations of American life will take this experience most seriously and will in the future exercise the greatest care both in making such documentaries and in exporting them for foreign presentation.

## Soil, Water And Wildlife In FCD Operations

### Too Late To Classify

The Central and Southern Florida Flood Control Project's 134,000 acre water Conservation Area No. 2, in the Everglades, will be completed in time for this year's so-called Hurricane Season this summer. This will include completion of the some 11-mile east-west interceptor levee (L-35B) from a point slightly north of Andytown to where the recently completed FCD Cypress Creek primary canal joins the East Coast Levee.

This interceptor levee, designed to cut down seepage from the Conservation Area, will play a vital role in the FCD's program for storage of a far greater supply of fresh water for recharging well fields, for irrigation, and for fighting against salt water intrusion - particularly in the Port Lauderdale - Pompano Beach area. The interceptor levee will also be the southern boundary of a magnificent new primary fishing area which will develop as a result of deeper water for longer periods in the upper three quarters, or "A" zone, of the big water storage area. Thus, the present prime fishing area at Andytown will, in effect, be relocated about two miles north.

The U. S. Corps of Engineers, construction agency for the FCD has built a 200-foot ramp for small boat launching at the point where the interceptor levee meets U. S. 27. The FCD is also ready to set aside this corner of the Conservation Area where Levees 35B meets U. S. 27 as a recreational site for development by local authorities.

The vast storage area has already been entirely encircled with huge levees and canals except in one small area where work is nearing completion.

Part of the storage area of the storage has been constructed by raising U. S. 27. An important water control structure near Andytown is still under construction but nearing completion.

Another important water control structure, S-38, is still under construction in the East Coast Levee west of Pompano Beach where Cypress Creek Canal joins Conservation Area No. 2. However, what relatively little yet remains to be completed in the multi-million dollar construction of this huge megalopolis with many water control structures, will be finished by mid-July and will play a major role in future hurricane times. Because the Conservation Area will be encircled by levees, it will be able to receive and hold the full amount of water it was designed to handle, control and store for later drought periods.

It is interesting also to note that whereas years ago, before the FCD was organized, many first all-out efforts at flood control in the Everglades came near to ruining this magnificent fishing and wildlife frontier because of overdrainage. That was because earlier efforts were directed solely at flood control without attempting to store excess water, so that it was thrown away, and the Everglades dried up and muck fires raged.

The FCD's mid-twentieth century engineering is designed equally for flood control in the rainy seasons and water conservation for the dry periods. This keeps a balance of nature and is now rapidly restoring the beautiful Everglades to its original state.

### Check Social Security If 65 And Still Work

There are about 1,250,000 people over 65 that are not getting social security checks because they are still working full time, reports R. C. Gehrken, Jr., Manager of the West Palm Beach Social Security Office. A recent change in the law makes it possible for some of these people to get payments, although they have not retired. Also, a worker's wife, if she is 62, might be able to get checks. This change might be very important to many people living in this area.

Beginning in 1961, workers past retirement age who earn more than \$1200, but less than \$3500, might lose some payments if they don't check with the Social Security office. Starting this year, earnings over \$1200 won't cause the loss of a full month's benefit in every case, instead, you lose one-eighth of the amount earned for the full \$300 you earn over \$1200. For example, a worker who earns \$1202 would lose only \$1 from his social security payments, if he earned \$1500, he would lose only \$150. For earnings over \$1500, workers will lose \$1 of their social security payments for each \$1 they earn.

### Conservation

Deeply concerned over America's inability to effectively counteract Communist subversion and propaganda, Russia's most powerful weapon in the cold war, Mr. Alan Grant, Orlando attorney, advocates the establishment of a Freedom Academy where representatives of the Free World will be trained to combat Communist lies with truth.

Mr. Grant's proposal is probably the most constructive and intelligent solution to the problem yet advanced and it has commanded the attention and support of a number of influential congressional leaders including Congressman Sid Herndon and Walter Judd as well as Senators Smathers, Hunt, Douglas, Case and others.

Military strength and ability to retaliate may delay a hot war, but if in the meantime Communism through propaganda and subversion can win the battle for men's minds the Free World will lose by default. Bills calling for the establishment of a "Freedom Academy" were introduced in both the House and Senate last year, but were not acted upon. Now Senator Karl E. Mundt has introduced a new bill, companion to a bill introduced in the House by Congressman Herlong.

The purpose of the proposed legislation is to bring about substantial improvement in this nation's and the Free World's ability to fight the cold war. To accomplish this two courses of action are proposed: First, the creation of an agency in government responsible for developing a systematic non-military action to counteract Communist cold war activities. Second, the setting up of a Freedom Academy wherein courses in applied science of such non-military warfare can be offered to a wide range of individuals, including government personnel, teachers, trade unionists, businessmen, clergymen, and others; equipping them for world wide peace in the battle for men's minds.

The imperative need for such action is forcefully pointed out in an article that appeared in the February issue of the Reader's Digest, entitled "What We Must Do to Win the Cold War."

Warren To Head  
Cancer Crusade

Again heading up the annual Cancer Crusade for Belle Glade is Warren L. Warren, vice president of the Everglades Federal Savings and Loan Association. Chairman Warren headed the campaign here last year when residents gave nearly \$800 help fight cancer. Palm Beach County's Crusade goal this year is \$100,000.

Sunday afternoon the 11 and 12 year Juniors of the First Baptist Church held their parents to their Coronation of Junior King and Queen and a Gypsy Supper. The king and queen and members of their court were chosen on the basis of their outstanding work for the current Sunday school year. In the Court were: king, Scottie Markham; queen, Sherry Knight; princess, Pamela Busbin and Jo Ellen Hudspeth; princes, Arthur Jones and Ronnie Smith. Sherry Knight, Pamela Busbin, Jo Ellen Hudspeth and Scottie Markham were presented awards for perfect records.

The theme of the Gypsy Camp was carried throughout the program. Devotions, menu and Gypsy medleys were played by Mrs. W. C. Bamford, pianist. A Gypsy atmosphere was created by the wives of the Deacons of the church who dressed in Gypsy costume for serving the tables. Mrs. Genevieve Gove, a teacher in the Junior Department, was the Gypsy fortune teller and delighted many with their fortunes and enlightened the group of juniors with a forecast of a most promising future. In their department, and another coronation next year of a junior king and queen.

Dr. Rosch, Interim pastor of the church, performed the coronation and gave the invocation. Members of the Youth Choir of the church sang "In A Little Gypsy Tea Room." Mr. Brown Satterlin, Music Director, led the juniors in a Choral Reading as the closing prayer.

The Gypsy pollack menu consisted of Suckling Pig (Ham), Hot off the Coals (Potato baked in foil), Gypsy Empanadas (Green Beans), Magical Mixture (Tossing Green Salad), Gypsy Gems (Hot Bells), Gypsy Brew (Rice) and Gypsy Delight (Cup Cakes).

At the close of the program The Gypsy Caravan led by the Junior Gypsies visited the individual Sunday school rooms in the Junior Department.

Girl Scouts Kick-Off Tea April 9

Mrs. Reginald H. Lewis, local Girl Scout Neighborhood Chairman, has announced that the annual Fund Drive will be held in April opening with a kick-off tea to be held at the Recreation Hall of the First Baptist Church on Sunday, April 9. Families and friends of Girl Scouts, and all citizens of the community who are interested in Girl Scouting and what it offers to girls are cordially invited, as well as leaders, troop committee members, and other volunteers with the Girl Scout program. Officials of the Palm-Beach Girl Scout Council will be present and will be glad to answer any questions concerning the program or the fund drive.

Mrs. Charles Burkett is chairman for the tea and is being assisted in arrangements by Mrs. Davis Kicklighter, Mrs. Wil-

liam Hayes, and Mrs. J. M. Davis.

This annual drive to raise funds is the community's effort to meet the overhead expenses of administering the Girl Scout program in an efficient and effective manner. Nationwide experience for nearly 50 years has shown that the program can be carried on most effectively through the united effort of a council organization with each community doing its part and paying its fair share. It should not be confused with the annual Cookie Sale which is nearing completion and which is the girls' effort and contribution to the development and maintenance of their camp, for which the entire proceeds of the Cookie Sale go to the cookie sale is also a part of the program of training girls in meeting the public and in conducting simple business transactions.

## WHAT WE CAN'T AFFORD

"A productive nation can afford generous aids to people in adversity. It cannot afford to undermine the industry of its people, their willingness to seek out and accept jobs waiting to be filled, their provident self-reliance and adjustability."

"Prosperity does not come from well-paid idleness. Money is worthless unless people will work to earn it."

These quotations are taken from a hard-hitting speech by Ernest Swigert, President of the Hyster Corporation. He is particularly concerned with the concentration of monopoly power in the big labor unions, and in labor's proposed welfare program. This last, he said, if fully enacted, would cost some \$27 billion a year above the present budget. And it would turn this country into a welfare state with a vengeance.

The money cost of such a state could be ruinous. But the cost in the irreplaceable coin of national character would be even more serious. The purpose of a welfare state is to divide what wealth there is, instead of working hard to create new wealth. Independence and self-reliance on the part of the individual and the family, are undermined or destroyed. The something-for-nothing attitude affecting millions of people spreads like a plague.

So freedom dies. And, ultimately, a bankrupt, spineless nation dies with it.

Writing in the Oregon Voter, Ralph T. Moore recently said: "When our social security system was originated there was no thought of subsidizing deliberate idleness nor the begetting of illegitimate children to increase the monthly stipend. But it finances a great deal of this sort of thing at present and no one seems to be able to come up with a solution. And let this writer make it clear that he includes unemployment compensation as a part of the general social security program. The results, therefore, of this massive effort, largely political in inspiration, to bridge such universal crises in the lives of just about everybody have been more to prolong the trouble than to alleviate it."

A report of the Chamber of Commerce of the United States indicates that the American people have hardly been niggardly in supporting the schools. We are spending three times more money on public elementary and secondary schools than we spent 10 years ago, and eight times more than 30 years ago. Expenditures will top \$16 billion, for a new record, by the end of the current school year. Putting it another way, we are spending an average of about \$390 per pupil, which is 52 per cent more than the 1950-51 figure.

## Students Win Science Honors

Six Belle Glade High School students won recognition Saturday in the Region Eleven Science Fair held at Palm Beach Junior College. They were Philip Mansfield, Josephine Crouch, Ruth Schenier, Cathie White, Susan Zumph, and Tyra Lee.

Philip Mansfield, a senior, won a first-place award with his project on a project titled "Termites and Their Little Partners." The Regional Fair was a follow-up of the local science fair held recently in the high school cafeteria.

Winning third-place honors were Ruth Schenier for her project concerning facts about cancer, Cathie White for one concerning number systems, and Susan Zumph for a project on cloud formations.

Winning honorable mention was Tyra Lee for a project titled "Termites and Their Little Partners."

The Regional Fair was a follow-up of the local science fair held recently in the high school cafeteria.

## Your Library

To practice the art of reading, develop a hungry, curious, questioning mind and then seek your answers in books. You open doors when you open books... doors that swing wide to unlimited horizons of knowledge, wisdom and inspiration that will enlarge the dimensions of your life.

Decision at Delphi... By Helen McGee... author of "North from Rome" and "Assignment in Brittany." The magazine assignment on which the Kenneth Strang sets out for Sicily and Greece, though strenuous and fascinating, seems innocent enough, but even before his ship sails from New York, the atmosphere becomes tinged with the sinister... In the course of the voyage one mysterious event follows another. This is the only beginning of a marvelously engrossing novel of high adventure... You can... by turning only a few pages, begin to experience the charm and excitement of a brilliant writer's finest book.

The Golden Geyser... By Wyatt Blassingame. Florida was a dreamer's paradise about 1920, for the value of land was mushrooming and enormous profits were quickly realized. People from all over the country were sinking their money in tracts they had never seen. In this vivid and realistic novel about Florida's "Golden Era" the author has incorporated such real life characters as Henry Flagler, Carl Fisher, George Merrick, D. P. Davis and Doc Hammers, who dispel any idea that the irascible story of the Florida boom has ever been exaggerated. (Very good reading; Ruth Clemans.)

## SPOTLIGHT—RURAL FLORIDA

## Uncle Dan From Democrat River

Dear Mister Editor:

My old lady went to town yesterday and got her a new hat for Easter Sunday and she ain't done nothing today but try to decide if it looks better'n the one she wore last Easter. I told her it's a mighty important matter and don't come to no decision without meditation and prayer.

I think wisdom spend half their time trying to decide what to wear, and if you ask me, it's them decisions that finally get 'em in the end. I recollect about the fellow that went crazy on his job of sorting potatoes by size, putting the big ones in this bin and the little ones in that bin. It was making them decide all day long, that finally got him.

Maybe they git a little more nervous as they git older, but there's one thing you got to say for women. They is outlasting the men and is gradual taking over. I see by the census report where five year ago they were 94 men for ever 100 women, and now they ain't but 90 men for 100 women. At this rate, in another 50 year men will be at scarce in this country as Republicans in Georgia.

Incidental, talking about Easter hats I was reading in the papers last week where some fellow in Paris that designs women's hats has come up with a new Spring model you can use for food when they git through wearing it. After your old lady wears this hat for a spell, she can serve it for dinner, couldn't have it for dinner on V-J Day.

But I reckon, Mister Editor, that the most serious charge you can bring agin the women of today is that they is responsible for the success of the installment plan in business. A dollar down and a dollar from now on and they tote the stuff home. It used to be a fellow could take a nap on Saturday afternoon. Now he sets at the front gate waiting for the installment collector to divide up his payroll.

Well, I see by the papers where the Congress is talking about raising the public debt limit again. It don't seem to me no difference, Mister Editor, Democrats or Republicans.

Shell test drivers add a "fifth wheel" to their cars for precise distance measurement during mileage tests. It helps them record performance to a decimal point.

## BULLETIN:

Shell discloses the nine ingredients in today's Super Shell—and the remarkable things they do to give your car top performance

**Super Shell gasoline, with 9 ingredients, is now at your dealer's. Today's formula contains cresyl-diphenyl-phosphate—a new, improved version of TCP. Read how this patented additive increases mileage, releases power, and helps your car give top performance.**

**T**oday, every Shell dealer in this area has remarkable Super Shell in his pumps.

A notice on each Super Shell pump promises you that this gasoline will give your car top performance.

Shell's scientists want you to know about the nine ingredients which make this promise possible.

**#1 is TCP for power, mileage and longer plug-life.**

Today's Super Shell now contains an even better version of this world-famous additive. Its chemical name is cresyl-diphenyl-phosphate.

TCP additive can give your car up to 15 per cent more power; up to 17 extra miles per tank-

ful, and can make spark plugs last up to twice as long.

New TCP does this by neutralizing certain effects of combustion deposits. It is scientifically formulated to keep them from glowing when hot—a major cause of power loss. Also from diverting your spark—a major cause of "mis-firing."

**#2 is "cat-cracked" gasoline for power with a purr.**

This is petroleum that has actually cracked under 900-degree heat and catalytic action. Its heavier molecules have been shattered into livelier, lighter ones.

The result is a super-octane ingredient that makes your en-

gine purr with power the moment you put your foot down.

**NOTE:** "Cat-cracking" refers to the use of a catalyst—a chemical substance that can alter molecules without changing life.

**#3 is Alkylate, noted for knock control in hot engines.**

Alkylate—helped pioneer this high-octane ingredient for Shell aviation fuel.

Alkylate—when took the dream of 100-octane gasoline out of the lab and put it into the skies—is now in Super Shell.

It controls knocking in hot engines at high speeds far better than anything else yet available.

**NOTE:** The engine in your car may frequently turn over faster than the engines of a DC7 at cruising speed. Think of this next time you are passing on the highway.

**#4 is anti-knock mix for extra resistance to knocks.**

You might think that two octane ingredients are enough for knock-free performance. But Shell's scientists have ears like musicians.

So they insist on adding a

special anti-knock mix. A mix, so effective, one teaspoon per gallon can boost anti-knock rating by five points.

This mix has the tricky job of regulating combustion so that Super Shell gives each piston a firm, even push—rather than a sharp blow which would cause a knock.

**#5 is Butane for quick starts on cold mornings.**

Butane is so eager to get going that Shell keeps it under pressure 400 feet below ground to stop it from vaporizing by itself.

Think what this extra volatility means in cold weather.

Your engine fires in seconds. There is less strain on your battery. And none on your patience.

**NOTE:** Super Shell is primed with Butane all year round. In winter, Shell scientists simply increase the quick-start dose.

**#6 is Pentane mix for fast warm-ups on cold days.**

Pentanes are made by treating gasoline apart, much as you split kindling to start a log fire.

In this case, the "logs" are petroleum's heavier hydrocarbons. A special process transforms their molecules from slow-burning "logs" into the quicker-firing "kindling."

**NOTE:** Fast warm-up and top performance is a hurry.

**#7 is an "anti-lube" to check cold-weather stalling.**

Super Shell's formula is adjusted up to eight times a year to beat the weather. For example, when the temperature is likely to be less than forty-five degrees, a carburetor anti-seize is added.

Why add anti-seize to forty-five degrees? Because, even then, frost can form in your carburetor just as it does in your refrigerator. It can stall your engine.

Trademark for Shell's unique gasoline additive. Gasoline containing TCP is covered by U.S. Patent 2882122

**#8 is gum preventive to keep carburetors clean inside.**

Even the purest gasoline can form gum when stored. This can clog carburetors and foul automatic chokes. But, with Super Shell, you needn't worry. A gum preventive does the trick.

It acts like a policeman controlling a mob. Regulates unstable elements to help keep them from starting a riot. No gum problems.

**#9 is Platformer for extra energy, more mileage.**

It takes eight million dollars' worth of platinum catalyst for Shell to produce Platformer. But fortunately this precious stuff can be used over and over again.

The platinum re-forming process, which gives Platformer its odd name, converts petroleum into super-energy components—such as benzene, xylene and toluene.

These three alone release 11 per cent more energy per gallon than 100-octane gasoline. Energy that shows up as mileage.

**Test Super Shell for yourself.**

Try Super Shell next time you fill up. You'll soon feel and hear a difference in the way your engine runs. That difference is top performance.

## Another Lush 10 Added To Belle Glade's Bevy Of Contesting Beauties 1961 Harvest Queens

### Jaycees And Their "Ettes" Plan Harvest Queen Doings And Dance

Monday night the Harvest Queen Committee met with companion Jay-Cettes Committee at the home of Roy Kimberly and completed plans for the contest and the dance which will be held the same night.

Also, a member of the Com-

mittee will be at the High School immediately after school on Wednesday the 4th to complete details for the motorcade to Tony Glen's "Let's Dance."

It is announced that Jimmy Thomas' orchestra will be on hand for the dance.

### Pat Anderson Rated Champ In Twirling

Pat Anderson, head majorette with the Belle Glade High School Band and director of the Patonettes in Belle Glade and the Pahokee Patonettes in Pahokee has been invited to have her name and picture along with pertinent information included in the 1961 edition of "Who's Who in Baton Twirling."

The aim of the publication, according to the foreword, is to include in detail the facts, records and pictures of America's twirling champs as well as those who are most conspicuous in the twirling field because of reputable achievements, those whose names are much in the public eye, not locally but generally.

The main objective of the book is to gain national prominence for baton twirling. Pat has certainly done much to advance interest and ability in the art of baton twirling in the students in the Glades.

### Tee-Shower Fetes Terry Ann Driggers

A delightful tea-shower for Mrs. Terry Ann Driggers was given Tuesday, March 21, from 3 to 6 p. m. at the home of Mrs. Kenneth Moring in South Bay. Concoisseurs with Mrs. Moring were Mrs. J. ne Evans and Mrs. Clayton Walters.

The refreshment table covered with a cutwork linen cloth was centered with a white wedding cake topped with silver bulbs and turner enhanced by a silver service and silver candleabra.

Lovely arrangements of spring flowers were used about the room. The honoree was presented a beautiful corsage of variegated orange and yellow roses and her mother, Mrs. T. L. Driggers was given a corsage of pink seabuds. Gifts of crystal and silver were displayed on the gift table.

More than forty guests called during the afternoon.

### David Engle Powell Rites Held Saturday

Services were held Saturday at 2 p. m. for David Engle Powell, 3, at Forewedges Mausoleum Gardens with the Rev. Edward M. Stramer pastor of Northside Baptist Chapel officiating.

The child was killed in a bus accident early Tuesday a. m. March 21, enroute here from Gary, Indiana with his mother, Mrs. Ruby Powell. Other survivors include a brother, Wayne Engle, sister, Mary Elizabeth Powell and his grandmother, Mrs. Norma Engle, 28 N. E. Main St., Belle Glade. Williams-Wethers Funeral Home was in charge of arrangements.

### Med. Scholarships For Florida Students

April 15 is the last day on which applications will be accepted for the nine Florida state scholarships for the study of medicine. These scholarships will be awarded in May of this year to students who will be entering their professional training next fall. It was announced by Dr. Wilson T. Sowder, state health officer.

Each of the nine scholarships will allow up to \$1,000 annually, or a total of \$9,000 for the four years required for graduation from medical school. The nine students to be awarded scholarships will be selected by an advisory committee under the chairmanship of Dr. Melvin M. Simmons of Sarasota, and composed of five prominent Florida physicians and the deans of the state's two medical colleges.

The Legislature created state medical scholarships in 1955 for two stated purposes: first, to assist deserving Florida students who aspire to study medicine, but are unable to do so because of the lack of financial resources; second, to encourage well-trained young physicians to establish their practice in those areas of Florida that do not now have adequate medical services.

"Each student who receives a four-year scholarship agrees that following the completion of his professional training he will practice for five years in a Florida community which is in need of his services," explained Dr. Sowder. "Areas of need are now defined as those counting having more than 2,500 people per medical doctor, below the age of sixty-five, and the agricultural area surrounding Lake Okechobee. This includes thirty Florida counties," Dr. Sowder stated.

To be eligible for a scholarship a student must have been a resident and citizen of Florida for five years, and have been accepted for admission by an accredited school of medicine. He must furnish evidence that he is in need of financial assistance.

Qualified students who wish to make application for scholarships may obtain forms and additional information from the State Board of Health, Box 218, Jacksonville 1, the announcement concluded.

### Win A Diamond Ring, Polaroid Camera Lord Elgin - Other Valuable Prizes

This Saturday, April 1, will mark the formal Grand Opening date for two Glades business firms.

Dan Wallis of Wallis Pharmacy and Charles A. Cox of Cox Jewelers are both holding open

house for all their friends and customers, inviting them to visit them in their new stores.

Mr. Cox, owner of Charles A. Cox Jewelers, Belle Glade, is opening a second store - this one at 159 B. Main Street, Pahokee and extends a special invitation to all to stop by.

The addition of another store will give us additional buying power, allow us to carry an even larger stock, all aimed to better serve folks in the Glades in any of their jewelry line purchases," Mr. Cox explained.

Cox Jewelers in Pahokee will be serving free coffee and cookies all day and drawings will be held for valuable prizes to be given away.

The new Wallis Pharmacy, adjacent to their former location on South Main Street has added a complete line of sundry items and a new service as well, free city-wide prescription delivery.

"Stop by and see their new store. The folks are very proud of it and will appreciate your visit. Register too, while there. You may be the winner of one of the several prizes they'll be giving away."

### wear a BUDDY POPPY

### Saturday April 1st

Saturday, April 1, has been proclaimed by mayor Palm January as Poppy Day in Belle Glade.

The ladies of the American Legion Auxiliary to Post 20 will be contacting each and every one of you, urging you to wear a poppy in memory of those who gave their lives to protect free America against its enemies. Every thinking American will be particularly mindful of the great debt we owe these valiant soldiers. Wearing a Poppy is the individual way of showing remembrance, love and gratitude for those who gave their all to protect us. The debt we owe them can never be repaid.

Upon the sale of these Poppies depends the amount of beneficial employment that can be given to veterans while recuperating from illness or injury. Upon this employment depends the amount of financial help these veterans can provide for themselves and their families.

Let's all help the Auxiliary member to place a red-crepe-paper Poppy on every lapel in town this year.

# RCT Philip Dulany Honored At Coffee

Mr. and Mrs. John A. Dulany were hosts at a coffee at their home 225 N. W. Ave. E. Sunday afternoon in honor of their son, Rct. Philip A. Dulany, who arrived home Sunday morning from Fort Jackson, S. C., where

he completed his basic training in the U. S. Army. There were approximately 40 relatives and friends present. Philip will report at Fort Harrison, Indianapolis, Indiana, on April 8 where he will be stationed in the Finance Department for the remainder of his six months reserve activities.

## The Harvest Is Shame!

SHAME on Uncle Sam for permitting conditions of "slaves" and "sweet-shops of the soil" as depicted in CBS's "documentary" and shown to citizens of England; SHAME on Leroy Collins as "Big Boy" of the National Association of Broadcasters, for not controlling his children; SHAME on Ed Murrow, who is tagging CBS, his former employer, as "wholly irresponsible" and he himself "deeply distressed"; SHAME on CBS — to date they're the untouchables; they do as the d— want! well please in internationally publishing what Senator Holland dubs an "untrue and unfair documentary film."

Holland says, "this malicious and false slander" is permitted for a few pieces of silver. According to Holland's report on the U. S. Senate CBS has arrogantly disregarded him, Leroy Collins. Ed Murrow and our own State Department. Do you daily hourly, or intermittently tune in a CBS TV station and thus give moral and financial support to a group who are spreading "false picture—which our Nation's enemies are bending every effort to create throughout the world?"

If you do, SHAME on you!  
"It's said 'tis true; said 'tis 'tis true!"

## Ft. Pierce Woman Wins Contest With Orange Angel Pie

Winner of the semifinal judging for the All-Florida Orange Desert Contest for this year, held Wednesday, March 22, was an "Orange Angel Pie" by Mrs. C. P. Compton of 288 Olive Avenue, River Park section of Port St. Lucie, Fort Pierce. Mrs. Compton will receive an electric range and a trip to Winter Haven to compete for the grand prize.

The contest is sponsored by the Florida State Citrus Commission and co-sponsored by the

Florida Power and Light Company and other Florida electric utility firms.

The grand prize winner will receive in addition to an electric refrigerator, electric water heater, garbage disposal, dishwasher, automatic clothes washer and electric clothes dryer. Placing 2nd and 3rd for the district semifinals were Mrs. Charles V. Gornitz of West Palm Beach for her "Supreme Orange Ring" and Mrs. Gladys B. Landcraft of Port St. Lucie for her "Golden Heart Torte." Requirements for the contest included the use of at least two fresh Florida oranges or one cup of Florida orange juice, fresh, frozen or canned.

The judges for the district semifinals included: Mrs. Jane Lansing, Supervisor, school lunch program, Palm Beach County Schools; Mrs. Sara Horton, County Home Demonstration Agent, retired, Mrs. Edward Michael, former Assistant County Home Demonstration Agent, Mrs. Mary Todd, Home Demonstration Agent, Palm Beach County; Jerry Bro, president, Palm Beach Restaurant.

**Orange Angel Pie**

1 teaspoon salt  
1 tablespoon unflavored gelatin (1 envelope)  
1 cup granulated sugar  
1 cup orange juice (fresh)  
1 slightly beaten egg yolk  
1 teaspoon grated orange rind  
1/3 cup grated lemon rind  
3 egg whites  
1/3 cup granulated sugar  
1 cup diced orange sections  
1/2 cup sliced coconut shell  
1 cup heavy cream, whipped  
Thoroughly mix gelatin, sugar and salt in top of double boiler. Stir in orange juice and egg yolks. Cook and stir over hot water until gelatin is dissolved and mixture is slightly thickened. Stir in grated rind. Chill until partially set, stirring occasionally. Beat egg whites to stiff peak form. Fold in the gelatin mixture, then the diced oranges. Chill until firm. Top with whipped cream and decorate with orange sections.

**Coconut Shell**  
Butter a 9-inch pie plate with 1 tablespoon butter. Pour in one 3/4 cup of can of flaked coconut and dress firmly against sides and bottom of pie plate. Bake in slow oven (325 degrees) about 10 minutes or until slightly browned. Cool.

## April 1961 Proclaimed Cancer Control Month

Cancer took the lives of more than 7,000 Floridians last year. An estimated 14,000 new cancer cases will develop among citizens throughout the state this year and - cancer, including leukemia, still remains the number one killer disease among American children of school age.

These are some of the statistics emphasized in an official proclamation issued by Gov. Farris Bryant which further declares: "By virtue of my authority vested in me, I proclaim, April, 1961 as 'Cancer Control Month' in Florida. This proclamation urges every citizen of the state to observe and participate in the educational and fund-raising crusade and learn from American Cancer Society Volunteers about life-saving facts which can be of vital importance to personal and family protection against the disease."

The Governor's "Cancer Control Month" proclamation was presented to Earl Wilkinson, M. D. Tallahassee, who is the 1961 volunteer president of the Florida Division of the American Cancer Society. Dr. Wilkinson in an interview at the Executive office said that more than 60,000 volunteers are already actively participating in the state wide Crusade and that in April many more volunteers, from civic, church, fraternal, business and trade groups support and contribute to the educational and fund-raising campaign.

## Corfee-Peacock Vows Are Spoken

Miss Sandra Kay Corfee and Bobbie John Peacock were united in marriage, March 18 at the McGregor Baptist Church, Ft. Myers. The Rev. J. R. Walker performed the double-ring ceremony.

The bride is the daughter of Mr. and Mrs. Clyde Corfee, Ft. Myers and Mr. Peacock is the son of C. P. Peacock of Pine Manor and the late Mrs. Peacock, former residents of Belle Glade.

Mrs. Susan Jones and Charles P. Peacock were the couple's only attendants.

Following a trip to Miami, Mr. and Mrs. Peacock will make their home at Naples, where Mr. Peacock is employed with the Conger Life Insurance Co.

## Educational Program Offered Young Women In U. S. Air Force

Young women in the Belle Glade are testing a college education were today offered encouragement and an opportunity to continue their schooling by the United States Air Force.

"One of the greatest opportunities for a woman in the Air Force," said Sergeant Kreiner of the Recruiting Office, "is the chance to continue her schooling in practically any field of knowledge."

The Education Services Program, known as the "Operation Bootstrap" several years ago, and is now generally known as the "Air Force Extension Course," is a program of the Air Force for eligible group study classes on their assigned bases.

Also, the Air Force will place members on temporary duty at full pay and allowances to attend final semester and earn degrees on campus. During travel overseas there is no necessity to leave school books behind - most Air Force bases overseas have instructors and professors from excellent state college teaching courses right on the base.

For further information - with out obligation - concerning educational opportunities for young ladies in the Air Force - Call according to Laurie Tomlinson, Sergeant Kreiner, telephone TE Jacksonville District Director at 3-5133, Air Force Recruiting Office, West Palm Beach, Florida.

**GROUP INSURANCE (ANNUAL)**  
The sum insured in respect to any one animal shall not exceed 50% of the total of schedule. The minimum number of heads required to insure cattle is 10. Rate \$5.00 per \$100.00 but assured pays in proportion of insurance only \$3.00 per \$100.00. If no loss is suffered no further premium is paid. There is no payment of indemnity in case of loss or losses exceeding the amount of premium paid. After this deductible factor has been reached, difference up to insured value is paid.

Animals may be substituted at original cost and accruing value may be substituted at no charge. Or the total volume of insurance may be increased by addition of other animals on the pro rata basis of \$3.00 per \$100.00 per month to expiration.

Herd of Group plan animals may be cancelled year or entire on the short rate scale on the basis of what the earned premium would be at the normal 6% rate. To utilize this plan plan consider the insurance as net volume not to be reduced but spread over listed animals. Replace deleted animals with others to avoid reduced volume.

## CALF CLUB ANNUAL PLAN

To automatically insure original cost and accruing value. Original cost of each calf is insured at 9% (\$9.00 per \$100.00), this being the only premium paid by the insured. Accruing values are covered through automatic increase in insured value of 10% or original cost each month. In this manner, the premium paid out for accrued value coverage averages out over the normal annual premium of 6%.

By the twelfth month insured value of the calf has increased to slightly more than double the original cost. This is full premium for risk insurance that includes transportation and exhibition.

In case of death loss, indemnity will be original cost plus 10% of original cost for each month policy has been in effect.
